The Brazilian Expeditionary Force Invades Italy The Brazilian Expeditionary Force (including the Brazilian Air Force, which included the 1st Fighter Group and an observation and liaison squadron) had accomplished its missions. The BEF had captured more than 20,000 enemy soldiers and killed thousands of others at a cost to themselves of 88 killed, 10 missing, 486 wounded, and 252 noncombat. Brazilian Expeditionary Force - Revolvy The Brazilian Expeditionary Force or BEF (Portuguese: Força Expedicionária Brasileira; FEB) consisted of about 25,700 men arranged by the army and air force to fight alongside the Allied forces in the Mediterranean Theatre of World War II. This airland force consisted of (replacements included): a complete Infantry Division, a Liaison flight, and a Fighter squadron.[1]. "The Snakes Are Smoking" The Brazilian Expeditionary Force ... The Brazilian Expeditionary Force constantly improved and was given increasing responsibilities including covering one flank for the U.S. 10th Mountain Division. While the FEB lacked the extremely intensive training of the 10th, it is amazing just how well they adapted to being used as an ad hoc mountain division especially during the winter.
